

Facility Public Water and Sanitary Sewer Usage

Facility/Project Name:			Address/Parcel IDs:		Site Acreage:	
Total Number of Phases of the Project:			Approximate Timing of Phases:		Buildings per Phase:	
Development Unit	Average Daily Water Demand (MGD as volume)	Maximum Daily Water Demand (MGD as volume)	Instantaneous Peak Water Demand (GPM as flow)	Average Daily Sewer Discharge (MGD as volume)	Maximum Daily Sewer Discharge (MGD as volume)	Instantaneous Peak Sewer Discharge (GPM as flow)
Per Phase ¹						
Full Build-Out						
1. If different phases have differing water/sewer usage, identify values for each type of phase						
<u>Identify any unique usage patterns other relevant information regarding the site's water and sewer usage:</u>
